

UK Trade Mission to The Bahamas

Participating Companies Profiles

Grand Bahama – October 4th, 2023

1. Mission Company Profile: Manchester Airports

Overview:

Manchester Airports Group (MAG) is more than just a regional success story. As the largest UK owned airport operator, we contributed over £7bn in 2019-20 to the UK economy and support over 130,000 jobs in the supply chain.

MAG is a leading UK airport group and owns and operates three UK airports - Manchester, London Stansted and East Midlands. In 2019, the Group saw over 60 million passengers flying through its airports every year, employing over 40,000 people on site.

MAG also has a substantial property business, with over £640 million of investment property assets across its airports, and has a 50% investment in the £1 billion, 5 million sq ft Airport City development at Manchester Airport. Its MAG USA business works with airports to develop and operate terminal and retail solutions, passenger lounges and car parking facilities.

4. Mission Company Profile: Aggreko

Overview:

Aggreko delivers energy solutions so businesses can grow, and communities can thrive.

Aggreko are sector specialists. They recommend the right choice of energy and rental services to improve productivity. No matter where in the world, no matter how complex the challenge, from rapid-response emergency support to multi-decade investments, Aggreko can help.

Aggreko offers customers access to the latest, cleanest, and most efficient technologies. They remove the need for customers to invest in and manage these assets directly. This allows them to focus more on their own customers, their communities, and creating a sustainable future.

Overview:

Nectar Group operates and manages a number of Bulk Terminals around the globe as well as continuing to offer a range of value-added solutions for handling bulk cargoes, employing over 400 people around the world. Terminals include the Philippines, Sierra Leone, and three separate terminals in Mozambique. Since its inception in 1972, Nectar Group has operated in 165 different locations in 75 countries, and its fleet now consists of more than 70 mobile bagging plants (managed and owned) along with Grabs, Hoppers, and Ancillary Equipment. Each year, The Group handles over 10 million tonnes of cargo.

7. Mission Company Profile: Ocean Crest Alliance

Overview:

Ocean Crest Alliance focuses on Blue Economy projects related to Ocean *Conservation, Research, Education, Science and Technology*; to develop and establish sustainable programs that are dedicated to Honor, Protect and Restore the Health of the World's Oceans and the Life of Earth's Systems. By communicating and sharing this knowledge, we will benefit all of humankind and the nature that surrounds us. Our focus in 4 Blue Economy sectors will be conducted in the following areas – Tourism, Yachting, Renewable Energy and MPA Revenue streams. We need to understand how the Oceans work, why they are vital to our existence and ultimately, how they can be repaired and protected, while providing sustainable Blue Economy!
